

Evangelism in a Plural World

This course explores the critical components of evangelism for every age, while emphasizing the some of the unique characteristics in contemporary Western culture that necessitate a profound emphasis and insistence on peace filled evangelism. Two books shape our discussions:

The Mystic Way of Evangelism, by Elaine A. Heath (Grand Rapids: Baker Academic, 2008)

The Forgotten Ways Handbook: A Practical Guide for Developing Missional Churches, Alan Hirsch with Darryn Altclass (Brazos Press, 2009).

The class will explore contextual patterns of evangelism that center on community and discipleship.
